

INVEST IN YOUR COMMUNITY

Seeking Artists to Participate in Charity Art Auction for YMCA International Services!

YMCA International Services is looking for Texas-based refugee and immigrant artists to participate in our annual art benefit and auction in Houston. Proceeds from the sale of the art will be split evenly between the YMCA and the artist. This is a unique opportunity for both new and established artists to help support services for refugees and immigrants and raise awareness of their contribution to our Houston community.

If you are interested in participating submit your artwork for selection by July 28, 2023 with the QR code below. Be sure to submit each piece of artwork separately and include the following information:

- Your name
- A high-resolution image of each piece you are submitting for approval
- Title of each piece (if no title please label as "untitled")
- Medium used for each piece
- Dimensions of each piece

Each piece of artwork must be submitted in this format to be considered. A selection committee will blind review all pieces. Artist will be notified by September 8, 2023, of which pieces were selected. Selected artwork must be dropped off at the YMCA office for safe storage until the completion of the art event. More details will be given after selections are completed.

The event is scheduled for Saturday, November 11, 2023 and selected artists are required to attend.
